

Court Rules Against Chicago Speech Curb

Says Anger Inciting Talk Is All Right

Washington, May 16—(AP)—A sharply divided supreme court held today that freedom of speech cannot be curbed merely because the speaker stirs people to anger, invites public dispute and creates unrest.

Justice Jackson, one of a four-man minority, called the decision a "dogma of absolute freedom for irresponsible and provocative utterance" which almost completely ties the hands of local officers trying to maintain peace.

"There is danger that, if the court does not temper its doctrinaire logic with a little practical wisdom, it will convert the constitutional bill of rights into a suicide pact," he said.

The court struck down the conviction and \$100 fine meted out by the city of Chicago to Arthur Terminiello, a Catholic priest from Birmingham, Ala., who was at the time of his speech under suspension from his duties as a clergyman. He spoke at the West End Women's club auditorium on the night of February 7, 1946, under auspices of the Christian Veterans of America.

Gerald L. K. Smith called the meeting, describing Terminiello as "the Father Coughlin of the South." Justice Douglas read the five-man majority's opinion. It called unconstitutional a Chicago ordinance which the Illinois courts had construed as permitting disorderly conduct conviction for any speech which "stirs the public to anger, invites dispute, brings about a riot or creates a disturbance."

"A conviction resting on any of those grounds may not stand," Douglas declared.

A Function Of Free Speech
"A function of free speech under our system of government is to invite dispute. It may indeed best serve its high purpose when it induces a condition of unrest, creates dissatisfaction with conditions as they are or even stirs people to anger."

Justice Burton joined in Jackson's 7-5000-word dissent. They called the majority decision a fulfillment of "the most extravagant hopes of both right and left totalitarian groups, who want nothing so much as to paralyze and discredit the only democratic authority that can curb them in their battle for the streets."

Justice Frankfurter wrote another dissent, on different grounds. Jackson and Burton joined in it. Chief Justice Vinson also wrote a dissent. His third written one since he has been on the bench.

U.S. Will Decide On Mediating Ford Co. Strike Today

Detroit, May 16—(AP)—The federal government will decide Tuesday whether it will enter the Ford strike dispute immediately.

Another session between representatives of the CIO United Auto Workers and Ford Motor Co. broke up late today with no reports of progress.

Immediately afterwards, Federal Mediator Arthur C. Viat scheduled separate talks with both parties before Tuesday's negotiations. He said he would hear both sides of the dispute.

He promised to announce his decision then.

Cyrus S. China, federal mediator director, has given Viat freedom of action. Viat is Detroit region director for the U. S. Mediation Service.

The union, which invited mediation, appeared ready to meet that the government enter talks immediately. Ford, however, was cool toward the idea.

The company held to the belief that a settlement could best be reached by the disputing parties themselves.

Robber Kills Self As Police Close In

Chicago, May 16—(AP)—A gunman robbed a liquor store of \$45 today and then killed himself as police closed in when his car stalled.

He was Solomon Deutsch, 45, 1343 South Green street, a beauty shop supplies salesman.

He held up the Stuart Liquor company, 3431 Peterson avenue, and bound the clerk with adhesive tape. Then he tried to get away, but he couldn't get his car started.

When police answered an alarm from a passerby, Deutsch saw he was cornered. He fired a .32 caliber pistol bullet into his right temple.

British Refuse Bail, Keep Eisler In Jail

London, May 16—(AP)—A British bail plea of Eisler's counsel and court refused bail today for bond-ordered round-faced Red "re-jumping" Gerhart Eisler and sent the suspected communist back to jail. He will spend at least eight days in a cell awaiting a hearing on whether he will be returned to the United States as a fugitive.

An involved international controversy developed around Eisler who had tried to flee American authorities by stowing away aboard the Polish liner Batory. Eisler claims he was a political refugee enjoying asylum under the Polish flag when he was "kidnapped" in violation of international law.

The Polish government today demanded his release and an apology from British authorities for dragging Eisler from the Batory off Southampton Saturday. Britain's House of Commons argued the case and then passed on to other business to await the findings of the court.

In Washington the state department confirmed a Polish charge that the United States had threatened action to seize the 14,287-ton Batory unless the master of the ship surrendered Eisler to British police.

Eisler made two appearances in court today. First the 52-year-old defendant was brought before a magistrate's court in Southampton which shunted the case to London's Bow street court, only court in England with jurisdiction in an extradition case.

Magistrate J. W. Eastwood of the Bow Street court turned down the plea.

Tammany Hall And FDR, Jr., To Meet In Election Today

New York, May 16—(AP)—Once-powerful Tammany Hall and Franklin D. Roosevelt, Jr., who is bucking it, ended a bitter, no-holds-barred political campaign tonight to decide Manhattan's 20th district congressman.

The winner, to be chosen in tomorrow's special election, will succeed to the House seat made vacant by the death of veteran Democratic Congressman Sol Bloom.

Four candidates waged a spirited campaign in the hectic race. But young Roosevelt and Tammany's candidate—Municipal Court Justice Benjamin Shalek—are favored in most quarters as the top-heavy contenders.

The 35-year-old Roosevelt is the first of the sons of the late president to seek public office. Lanky, affable and handsome, his campaign has drawn large crowds in the district on Manhattan's teeming west side.

Venerable Tammany Hall and its leaders, who denied Roosevelt the Democratic nomination in the race, have been his major targets.

Sermon Closes With Emphatic And Sudden Example

Port Carbon, Pa., May 16—(AP)—The Rev. Adam E. Polcrack faced his Sunday morning congregation at St. Paul's Lutheran church and talked of "The Shepe of Things to Come."

Mr. Polcrack philosophized that "no one knows what things will befall."

The sermon ended. The congregation began to sing. Then things fell. A crash resounded through the small church. The 35-pound scenic type chandelier plummeted from its ceiling fixture to the floor.

It crashed in an aisle, touching no one. With quivering voices the congregation sang on.

Eastern Germans Will Back Russia In Paris

Berlin, May 16—(AP)—Eastern zone communists claimed tonight they would roll up 106,000 votes for an "all-German" government which will back Russia in the four-power conference at Paris.

The Russian-licensed Berlin radio predicted that 90 percent of those voting in the Soviet zone today and Sunday would approve a "people's congress" of 2,630 members, all hand-picked by communist-controlled organizations and put on a single ticket.

Eastern German officials said the results would not be available before tomorrow afternoon. The delay in making the results known was not explained. When the complete account is released it was expected that the communists would be able to announce a virtually solid "JA" for their program.

The Soviet news agency ADN said Germans in the Soviet sector of Berlin turned out en masse for the vote.

Mrs. Rutledge Tells Jury Of Seduction By Hattman

Cedar Rapids, Ia., May 16—(AP)—Mrs. Sydney Rutledge, her eyes red from weeping, told the jury late today she was seduced by the man her husband is accused of killing.

The wife of Dr. Robert C. Rutledge, Jr., told how she became acquainted with Byron C. Hattman, how their friendship grew on sailing parties at which they drank beer, and gave her version of the alleged seduction.

Her husband, a 28-year-old St. Louis children's specialist, is accused of fatally stabbing Hattman here last Dec. 14.

She said she went on two sailing parties with him where they drank beer and wore their bathing suits.

On the night of July 30, she testified, after the second sailing party, she became "dizzy and nauseated" after drinking "three or four bottles of beer and four 'bourbons'" which she said, Hattman later admitted, ordering as "double drinks" without her knowledge.

She said he took her home and went into the small Rutledge apartment with her.

"After you got inside, what did Mr. Hattman do to you?" Defense Attorney R. S. Milner asked.

Mrs. Rutledge started breathing heavily and her reply came with difficulty. Finally she said, "He forced me back into the bedroom."

"What about your clothes?" Milner asked. "Did he take them off?"

"No."

"What did he do with reference to the bed?"

"He pushed me down onto the bed and got on top of me."

"Did Hattman have sexual relations with you there?"

"Yes sir."

"Sexual intercourse with you there?"

"Yes sir."

"Did you consent to it?" (A state objection to this question was overruled.)

Mrs. Rutledge replied: "No, I was trying to plead with him to leave."

Doctors Say Twins Born With Heads Joined May Live

Los Angeles, May 16—(AP)—Twin girls born with the tops of their heads joined together were given a strong chance for survival today by physicians at General Hospital.

Dr. Phoebe Berman, medical director of the hospital, said the case may be the first of its kind in medical history.

"We believe they will live," Dr. Berman commented. "Any surgery will have to be drastic, and would occur only after many consultations."

The first twin arrived at 11:23 p.m. (PST) Saturday, followed two minutes later by her sister. Their mother, 35, has seven other children.

Except for the union of heads, the babies are normal in every respect. Dr. Berman said. Each has a complete nervous system.

Dr. Berman said x-rays have failed to disclose whether the little girls have one or two brains.

1-Man Filibuster Ties Up Business In Illinois House

Springfield, Ill., May 16—(AP)—A surprise, one-man filibuster tonight tied up legislative business in the Illinois House.

At 10 p.m. (CDT) the filibuster had been underway more than an hour.

The filibuster was started by Rep. Andrew Fuzzino (D-Chicago), who demanded that the 27-page House journal for last Thursday be read in full.

Fuzzino did not announce a reason for his move. However, other lawmakers said it was in the nature of a "warning" against an attempt to revive three Chicago crime commission bills Fuzzino has staunchly opposed.

The Senate-approved bills, including one to extend the life of Cook county grand juries from 30 to 90 days, were turned down by the House judiciary committee last week.

Insistence that the complete journal be read is the usual tactic for stalling a filibuster.

Curiosity Kills Feline And Knocks Out Power Line

Boulder City, Nev., May 16—(AP)—Found: one ring-tailed cat, deceased.

Thereby, reclamation bureau officials said today, hangs the tale of what happened Sunday to the world's largest power plant, on the Colorado river at the base of Hoover Dam.

The cat, proving again that old adage, curiosity, etc., climbed atop a transformer bank and short-circuited 16,500 volts.

It will take a week to repair the damage, officials said. "Las Vegas" will seek a 30 percent wage increase when the present agreement with Canadian railroads expires July 16.

Truman Says ECA Still Needed For Europe

Shanghai Airport Is Target Of China Reds

Shanghai, May 16—(AP)—Communist assault troops closed in on Shanghai's great international airport today and concentrated artillery fire on targets at the besieged city's outskirts.

"Charles Gorry, AP photographer who arrived in Manila Monday night, said that when he left Shanghai's Lungwa airfield Monday morning, the Reds were only two miles away. The field is ten miles south of the center of Shanghai, and only four miles outside the city."

On the broader front of the south-central China campaign, a show-down drew nearer with government abandonment of Hankow. Wuchang and Hangyang, the tri-cities 600 miles up the Yangtze west of Shanghai.

It is on that front, where Red forces are moving rapidly south toward the Nationalist's provisional capital of Canton, that the last big military action of the civil war is likely.

In reporting their retreat from Canton, the official Central News Agency said—perhaps significantly—south of the nationalist commander, Gen. Pai Chung-Hsi, had set up his main headquarters not at Changsha as expected, but 100 miles farther south, at Hengyang. (That is only 300 miles by rail from Canton.)

With the Reds besieging the city, Shanghai residents waited with little outward show of concern. Most foreign airlines, including Pan American and Northwest, have flown all of their planes out of the Shanghai area.

(Gorry reported that on leaving Shanghai Monday morning he could hear small-arms fire above the noise of downtown traffic and near the edge of Lungwa field.)

Charges Wife Used Voodoo On Him, Is Given Divorce

London, May 16—(AP)—A negro lawyer who accused his wife of using voodoo on him got a divorce today for desertion.

The plaintiff was Wilfred Robert Adams, 47, a native of British Guiana, actor, ex-wrestler, and one-time stand-in for singer Paul Robeson.

He claimed his wife, Constance, deserted him in 1930.

According to the divorce court commissioner, Adams said that was soon after he found "voodoo" equipment in his wife's trunk in their British Guiana home. The find included colored candles, a bottle of red liquid, and powders.

The commissioner said Adams complained to a clergyman, who told the wife "voodoo" was unchristian.

The commissioner quoted Adams as saying the marriage was never successful, "the chief cause being his wife's addiction to voodoo practices, which are a form of witchcraft and consisted of charms tied to a person's body."

The commissioner said Adams claimed that "certain powders" were being put into his food, a practice sometimes followed by women in British Guiana "in order to get mastery over someone they love."

States U.S. Flood Control Largest Of Federal Works

Washington, May 16—(AP)—Major Gen. Lewis A. Pick, chief of army engineers, said today the national flood control program is now the largest element of federal public works in the United States, and probably the largest single construction program in the world.

Pick outlined plans and past performances of the engineers as the House Public Works committee began hearings on the first of 19 flood control projects which are expected to form the 1950 Flood Control act.

The projects represent a total cost of \$1,920,089,100. They include channel improvements, flood protection works, drainage problems and reservoirs.

Largest of the projects is the Columbia River Basin for which there is a comprehensive plan including reservoirs and local protection. The total estimated cost has been set at \$1,617,974,600 of which the federal government is asked to give \$1,570,000,000. The hearing on the project is set for Friday.

The goal for this drive, to end June 30, is \$1,040,000,000 in Series E bonds.

The President's talk was part of a program which centered at Kansas City, Mo. Earlier in the day the "covered wagon" parade at Independence, Mo.

The President spoke from the movie projection room of the White House.

Texas Tornadoes Kill Four, Cause 3 Million Damage

Amarillo, Tex., May 16—(AP)—Damage estimates edged past \$3,000,000 today in the wake of a tornado which whiplashed this Panhandle capital, killing four, and then skipped 80 miles north to flatten some of Texas' richest wheatland.

Eighty-three persons were injured and 350 homes demolished or destroyed by the skipping, howling twister which mangled 35 blocks in the southern section of this town of 102,000 last night.

Damage to homes alone was estimated by Mickey Maguire, president of the Texas Panhandle Home Builders association, at more than \$2,500,000. Manager Shelby Kritzer of the Tradewinds airport—where 40 planes were destroyed and 15 damaged—appraised damage there at \$350,000.

Other damage—to railroad equipment, public utilities, and the Massey-Harris implement house—was heavy. Massey-Harris estimated its loss at \$100,000.

Wind-driven rain and bruising hailstones as big as a man's fist accompanied the tornado.

Montreal, May 16—(AP)—The 25,000-member Canadian Brotherhood of Railway employees announced today it will seek a 30 percent wage increase when the present agreement with Canadian railroads expires July 16.

AERIALIST DIES
Chicago, May 16—(AP)—Marie Alvina Amy LeBeau, 75, for 25 years an aerialist with the Ringling Brothers-Barnum and Bailey circus, died today.

Miss LeBeau retired from the circus 20 years ago and later worked as a department store matron.

It was necessary to go back to the second or spring quarter of last year to find a lower annual rate figure for the output of goods and services. Yet this year's first quarter total was still about \$1,600,000,000 above the 1948 level, the highest year on record.

The figures held up as well as they did only because the government's "supporting influence on the economy" as the commerce department put it, expanded because of third quarter of 1947 reflected the higher outlays on foreign aid.

States Need For Economic Reforms

Washington, May 16—(AP)—Western Europe is now turning out as many industrial goods as before the war, but still has far to go to become self-supporting, Congress was told today.

That was the gist of a report President Truman sent to Congress on progress of the Marshall plan for European recovery.

Production actually must be raised far beyond the prewar level—particularly export goods, the report said. One reason cited was that the war ate up much of Europe's foreign investments and hence its income from abroad has lagged.

Can Pay For Less Than 40%
The report said that in 1947 the Marshall Plan nations could pay for less than 40 percent of their imports from the outside world. In this fiscal year they expect to finance about half the imports from their earnings.

The report was prepared by the Economic Cooperation Administration which handles the Marshall Plan. It covered the final quarter of 1948.

On the whole, ECA said, "great strides had been made in the reconstruction of the economies of western Europe" by the end of 1946.

It noted that the gold and dollar deficit of the beneficiary nations on capital and current accounts this fiscal year is \$5,500,000,000—a decline of 30 percent from the 1947 deficit.

The favorable signs indicate that the first phase of recovery—restoration of production and trade to pre-war levels—is about accomplished in most countries, the report said.

Barely Started
The second phase is "adjustment and expansion of their own economies" and it has barely started, ECA said.

It must be accomplished, congress was told, "if they are to become self-sustaining within the short span (four years) of the European Recovery Program."

While the area's industrial output regained prewar levels in the final 1948 quarter, and exports hit a post-war peak, much of the output went into investment and exports, the report explained.

As a result, living standards generally are much below prewar, and food and consumer goods are still inadequate.

The report noted that there has been a wide relaxing of inflationary pressures.

Testifies Commies Knew They Could Not Win At Polls

New York, May 16—(AP)—Communists were taught they never could win control of America at the polls, an FBI witness told a federal jury today.

Because of this feeling of political futility, witness John V. Blane testified at the conspiracy trial of 11 top communist leaders, revolution was touted as the party's only chance for power.

Blane, a Euclid, O. forge plant inspector, finished two days of government testimony today. The defense immediately began to cross examine him.

He has testified that for five years he served the FBI as an undercover agent within communist ranks. He was the seventh FBI-planted communist to take the witness stand.

The trial entered its 18th week with Blane as the 12th witness before the jury and federal judge Harold R. Medina.

The communist leaders are charged with conspiring to advocate the overthrow of the U. S. government.

PATIENT AT HOSPITAL COMMITS SUICIDE

Elgin, Ill., May 16—(AP)—Daniel Elasky, 46, a patient at the Elgin State hospital, was killed today beneath the rear wheels of a truck trailer.

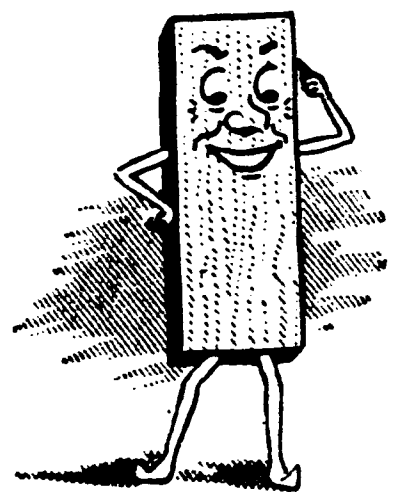

Coroner L. Victor Peterson said Elasky who had been pushing a lawn mower, apparently threw himself under the wheels.

Elasky, a former merchant seaman, lived at one time in Chicago at 308 S. Paulina St.

Jacksonville Men Slightly Injured In Auto Collision

Two Jacksonville men, William Adams and Russell Young, were slightly injured early Sunday morning in an automobile collision on South MacArthur boulevard in Springfield.

The car in which the Jacksonville men were riding and another car driven by Medford D. Huckley, who was backing out of his driveway, collided. Adams suffered facial lacerations and Young has abrasions on his chest. Both were able to leave St. John's hospital after receiving treatment.

Deputies from the Sangamon county sheriff's office reported the Huckley's car was knocked about 50 feet into a field on the west side of the boulevard, and that two cans of white paint in the back seat of the Huckley car were opened, spraying the driver and interior of the auto with paint.

Dr. A. B. Applebee Attends Savings, Loan Conference

The decision on the government housing bill which the House of Representatives will make in the next two weeks or so will go beyond this generation in its effect, declared Dr. A. B. Applebee, manager of the Jacksonville Savings & Loan Association, upon his return from a meeting of savings and loan association executives in Chicago.

He said that the future of home ownership for the American children of school age will be decided by whether or not a million more government-subsidized housing units are built.

"The tragic path of Great Britain toward nationalization of homes was started by small beginnings in government ownership of shelter," said Dr. Applebee. "Ninety-six per cent of the dwellings built in England last year were for permanent public ownership, with anywhere from \$15 to \$30 of each occupying family's rent being paid by the local or central government."

He said the same arguments for this kind of government ownership of housing, the arguments that it is the only way to clear slums, and that a little such housing will not hurt, were used to bring about the situation that exists in England today.

It is not necessary to replace slums by permanently government-owned housing, and it is possible to take constructive action regarding unhealthy and unsafe living conditions in our cities, by starting with the enforcement of sanitation ordinances and matching local and state funds with federal funds to clear slums and prepare the land for redevelopment by private builders without the costly burdens of government-owned housing and bureaucratic burden of a group of public housing officials. Who eventually become the proponents for more and more government-owned and government-subsidized housing.

He said that the executive committee of the United States Savings and Loan League went on record during the week he was in Chicago, adopted a 4-point platform in connection with the housing legislation which has passed the Senate and is now under consideration by the House Banking and Currency committee:

1. A slum land acquisition program to be initiated immediately, with federal grants and loans administered separately from the government housing which is already built.

2. That a select committee of the Congress be sent to England to investigate the results there in that "tragic experimental laboratory" of what happens when a "little" government housing is approved, before any further government building and ownership of homes is voted.

3. Establishment of clear, definite income limits for occupants of pres-

ent government housing projects.
4. Immediate taking of the national housing census planned under the bill.

"I'm proud the name Kaiser is on the first really new idea since the self-starter...it's 2 cars in one...and I'd like you to see it!"

Henry J. Kaiser

The new Kaiser Traveler...world's most useful automobile!

Henry J. Kaiser
Chairman of the Board
Kaiser-Frazer Corporation

1 Here's what Mr. Kaiser says: "For a long time, I've had the idea that a great many Americans would welcome a practical kind of automobile that could do double duty as a passenger car for pleasure and a cargo carrier for work. I was thinking particularly of farmers, salesmen who have to carry bulky samples, merchants, housewives who do heavy week-end shopping, sportsmen and small businessmen.

"Station wagons aren't very practical. My own station wagon was hard riding, drafty and full of squeaks and rattles. It was hard to handle, and hard to work as a truck. If there was hauling to do, seats had to be wrestled out by brute force. It didn't carry enough cargo. It cost too much to operate, and more to buy than the average family can afford.

"So I talked to the boys of our engineering-production team, and the result was the all-new Kaiser Traveler. I believe that the Kaiser Traveler is the practical answer to the problem of thousands of families who really need two kinds of cars, but can afford to buy and maintain only one.

2 "At first glance, the Kaiser Traveler is a luxurious 6-passenger sedan, with a 123 1/2 inch wheelbase, and nine feet, seven and a half inches of usable seating space. But in ten seconds, it becomes a sturdy cargo-carrier with a ten-foot-long, steel-shod hold, powered by the mighty Kaiser engine, with its high compression ratio of 7.3-to-1. You use no tools or bolts.

"You just fold down the rear seat, flip open the cargo-hatch and let down the tailgate. All but the youngest of my eight grandchildren can convert it easily (and he's just a little fellow six months old!).

"Of course, the springs and shock absorbers have extra muscles to carry a big load, but they are soft and cushion-y and give a grand ride. The upholstery is long-wearing and easy to wash. The tailgate is held in place with a piano-type hinge, so that you can use it as a loading platform.

"With three people in the front seat, there is over 130 cubic feet of storage space in the cargo hold. And even with six passengers, you get more than 78 cubic feet of hold. That's room enough to carry almost anything!

3 "One of the things you'll like about the Kaiser Traveler is the price. It only costs \$2088.* That's several hundred dollars less than the cheapest full-size station wagon, and is much more practical and satisfactory both as a pleasure car and a work car. It's really a great value.

"Now, before you buy any car at any price, I'd like to caution you to stop, look and listen. Stop in and see the Kaiser Traveler. Look at it carefully. Listen to what the salesman has to tell you. And then see if this isn't the one car that gives you everything you want...the comfort, the safety, the prestige of big car ownership, plus the extra advantages of owning a fine-performing cargo carrier that costs no more to operate than many much smaller, less useful cars.

"When you do this, I think you'll decide to buy a Kaiser Traveler, and I hope you do. If you get half as much use out of yours as I get out of mine, you'll have made a very wise choice!

"After you've seen the Kaiser Traveler, please write me your reaction. Address me at Willow Run, Michigan. I'd really like to hear from you."

Death Summons John Edw. Stout Of Cass County

John Edward Stout, a lifetime resident of Morgan and Cass counties, died Monday at 10:45 a.m. at the White Nursing Home in Virginia after several months of failing health. His home was at Philadelphia, Cass county, where he was engaged in farming for many years. Mr. Stout was born Nov. 6, 1883, in Morgan county, the son of Thomas A. and Fannie True Stout. He was

united in marriage with Cora Esther Black in Cass county, who preceded him in death.

He is survived by four children, Elmer Stout of Green Valley, Ill., Everett Stout of Springfield, Ralph Stout of Virginia and Glen Stout of Philadelphia; two brothers and two sisters, Thomas Stout of Jacksonville, Cleveland Stout of Springfield, Mrs. Ada Boyd of Virginia and Mrs. Stella Hackman of Los Angeles, Cal. Mr. Stout was a member of the Christian church.

The remains were prepared for burial at the Gillham Funeral Home in this city, and Tuesday afternoon will be removed to the home of his sister, Mrs. Ada Boyd, in Virginia. Funeral services will be held on Wednesday at 2:30 p.m. at the Virginia Christian church, with burial in Walnut Ridge cemetery at Virginia.

WHITE HALL

White Hall—Dr. and Mrs. Robert W. Piper spent Wednesday in St. Louis.

Mr. Arlie B. Carriger of Alsey, in charge of the machine shop at Rose Auto Parts, returned to his duties this week after a minor surgical operation.

The supper given by the men of the Laymen's league of the First Christian church turned out to be quite successful, the men doing the serving and all report a fine meal. A program was given with Rex Applegate, president, presiding and motion pictures were shown. The June meeting will be combined with the Women's council for a potluck supper and program.

Mr. and Mrs. Francis Search spent the greater part of this week in Chicago. Mr. Search attended a Supermarket convention and both visited relatives. Miss Sandra spent the week with her grandparents, Mr. and Mrs. W. D. Davis.

Homer Marshall entered the White Hall hospital on Wednesday for observation and medical treatment. Mrs. Inez Piper, who was ill recently, spent the better part of the week at the home of her son, Dr. Robert W. Piper.

Mrs. Raymond Wendell and two daughters have been spending the week in Beardstown as guests of her aunt, Mrs. W. J. Blaser, and Mr. Blaser.

Dr. and Mrs. F. N. McLaren left Saturday for a week's visit in La Grange, Ill., at the home of their daughter and her husband, Mr. and Mrs. George Yereb. Dr. McLaren expects to attend sessions of the state medical society being held in Chicago next week and Mrs. McLaren will attend session of the state convention of the Federation of Women's clubs.

CONCORD

Concord—Miss Betty Moss and Miss Constance Nickel visited friends in Peoria from Friday to Sunday. While there Miss Moss contacted the authorities at Bradley University and the Methodist hospital in regard to entering nurse's training in the future.

Patrons and parents of the local grade school responded generously to the pupils solicitation for bakery goods sold at their bake sale at the Kershaw grocery store on Saturday. The sum of \$17 was realized from the

1949 50,000

Today your Telephone Company, which operates 42 exchanges throughout Central Illinois, has over 50,000 telephone stations. Since its foundation through consolidation of 4 Independent companies 3 years ago, your Telephone Company has become one of the major Independent telephone companies in the State of Illinois. Its gain in telephone stations in three years has been more than 8,000 telephones.

There have been times when there were almost 4,000 applicants waiting for telephone service. In spite of phenomenal growth, we still have some 2,000 applicants who want service extended to them.

We are, however, doing more construction today than ever before. Not only do we have a larger plant force on our payroll, but we also have a number of contract construction crews in our area. We hope to reduce our waiting list to a negligible number within the year.

Automobile Hits Motor Scooter; Girl Is Injured

Virginia — Winifred Gillen, 12-year-old Virginia girl, was injured Sunday evening when the motor scooter she was riding was struck by a car driven by John Oeth of St. Louis.

The accident occurred on State Highway 67, at the south edge of Virginia. Oeth was traveling south on the highway and Miss Gillen was approaching the highway from a side street.

Unable to stop at the intersection, Miss Gillen sped across the highway in the path of the oncoming vehicle.

She suffered cuts and bruises and was taken to the Schmitt Memorial hospital in Beardstown. Her condition is not considered serious. She is the daughter of Mr. and Mrs. Francis Gillen of Virginia.

Oeth waited at the hospital until the extent of Miss Gillen's injuries was determined and then continued on his way to St. Louis.

Patrolman Eberly Fair and Sheriff Nick Lonz were called to the scene of the accident.

A CHAMP TELLS HOW TO WIN!

DONALD F. STRUB 1948 CHAMPION

Donnie won the Akron (Ohio) Soap Box Derby, sponsored by the Beacon-Journal, and became National Champion over 147 other city champs. He knows how a racer should be built and driven.

Hi, Fellows, Let's Build A Derby Winner!

According to Donnie Strub, the most important thing in building a Soap Box Derby car is to follow every rule to the letter. "It's foolish," he says, "to design and build a racer that will be barred from the Derby. The Derby is a test of your skill, not only on the track but at your workbench—and one good proof of your skill is to follow the plans and specifications correctly!"

"A sturdy, rigid frame is necessary—for the performance of your car depends on good alignment, and safety depends on strength."

"A big factor in racing is well-balanced, free-running wheels, accurately aligned. True steering is highly important, too."

"Always remember to build your car safe. Steering must be dependable, braking must be effective, to get past the inspectors."

"Naturally, the better you build the prouder you will be of your car—so you will take pains in painting and upholstering it."

THOUSANDS OF BOYS, in 150 cities and towns, will build cars and race them in the 1949 Soap Box Derby. Then, on August 14, the 150 City Champions will race in the National Finals at Akron, Ohio. Many valuable prizes are awarded in the city races and at Akron. Enter today. Go, with either parent, to your Chevrolet dealer's, and sign up. It will mean a lot to you.

New Faces at Big Four Paris Parley

Three new faces will appear at the conference table in Paris when the Big Four Council of Foreign Ministers tries again to unravel the German problem. Left to right in this photo montage are U.S. Secretary of State Dean Acheson; British Foreign Secretary Ernest Bevin; French Foreign Minister Robert Schuman and Soviet Foreign Minister Andrei Vishinsky. Only Bevin was present in London in December, 1947, when the Big Four last considered Germany.

Elliott Ross, Banker,
Farmer, Dies At 94

Elliott Ross, prominent White Hall man, passed away Monday at 10:30 a. m. at Odr Saviour's hospital at the age of 94 years.

Mr. Ross had been at the hospital since Saturday, when he suffered a fractured hip in a fall at the home of his son, Wayne, in White Hall, where he had been residing for the past seven months.

A well-known and highly respected resident of the White Hall community, Mr. Ross held extensive farming interests and for 45 years served as a director of the White Hall National bank.

Retired in January, his retirement in January of this year was brought about by declining health, although he had fared exceptionally well for one of his advanced age.

Born in White Hall on Feb. 9, 1855, Mr. Ross was the son of Simon Ross and Evelina Brant Ross. With the exception of a few years spent in Missouri and Mansfield, Ill., he had spent his entire life in White Hall. The family residence was a farm east of White Hall.

The last member of his immediate family, Mr. Ross was preceded in death by his wife, Susan Winter Ross, a daughter, Jessie, and three sons.

Surviving are six sons, Roy of Los Angeles, John of Albarado, Minn., Lloyd of Albany, Ga., Frank of Indianapolis, Ind., and Wayne and Merle of White Hall.

There are also fourteen grand children and ten great grandchildren.

The decedent was a member of the Methodist church.

The body is at the Dawdy Funeral Home at White Hall.

Underwriters Hold
Week's Campaign

Teams of the Jacksonville Association of Life Underwriters under the direction of L. T. Oxley of Country Life, are winding up May 16 a week's membership campaign in an unusual plan which is a part of the state-wide effort sponsored by the Illinois State Association of Life Underwriters.

Wilford Queen, Aetna Life, local association president, and Robert Spink, Columbian National Life, membership committee chairman and Vice Pres. F. C. Richey are supervising the campaign.

In addition to Mr. Spink, the local drive committee includes: Fred R. Goodey, Prudential; Clarence G. Kirchofer, Equitable Life of New York; Clarence R. Souza, Rockford Life; Rex Fearneyhough, John Hancock; Herschel H. Heaton, Paul Mandeville, Equitable Life of Iowa; William J. Roberts, Prudential, and C. Frank Smith, National Life and Accident.

Under the campaign plan, each of the state association's 27 local organizations has been charged with contacting all eligible life insurance men in their areas and explaining the need for active support at this particular time.

ISLAND OF ESCAPE

By
Hugh
Lawrence
Nelson

THE STORY: Four shipwrecked members of a small movie group which lands on a remote island, where Henry Harding is trying to establish a "New Eden," have spent the last few days in a frantic search for food. But George Bascombe, 41-year-old, who was washed ashore from the wrecking and tells Ben his fortune is made. Mabel Jones tells Ben later that Harding apparently is attracted by one of the actresses, Mollie Stark, but Mabel doesn't fear losing her own campaign to win Harding's heart.

XIII

By the end of the week, it was obvious George Bascombe was sharing his cache with someone else beside Fred Sillwell. Lilly Warren went about her cooking with much clatter of pots and not too successful results. The housework suffered too as Lilly was absent for long hours. Bea was not sure whether Henry Harding noticed, or whether his preoccupation with his patient made him blind to mundane affairs.

On the night before Lilly's final day as housekeeper and cook, Bea Cosgrove was awakened by the sound of voices coming through the wall to the tower room. She sat up, saw Lilly Warren's bed was empty.

"Fun and games next door," Nona McGuire said sleepily from her cot. "Do we get up and join the party or go back to sleep."

"It doesn't sound like much fun," Bea pointed out. A door slammed loudly, the voices were still.

"Party's over," Nona murmured. "Some fun, no doubt."

Bea slept fitfully the rest of the night, heard Lilly come in with the exaggerated and noisy caution of a drunk, and awoke early to see Mrs. Warren standing in the bathroom door pouring herself a drink from a full bottle.

"Good morning," Bea said. "Nuts to you," Lilly answered.

"All right," Miss Cosgrove said amiably. "You want me to help you get breakfast?"

"Drunk or sober I can cook better'n you. I can do anything better'n you," she had another drink, but the bottle down on the dresser and started out. At the doorway she whirled around, retraced her steps quickly and snatched the bottle to her breast. "No you don't!" She went out in a blaze of belligerence.

NONA MCGUIRE sat up. "What's a load," she yawned. "I can see we're going to have a swell breakfast. She ought to give Mollie a vote of thanks for keeping Harding so blind. If he is blind."

"You're fond of Mollie?" Bea asked. Nona McGuire laughed. "Really, you have to know dear little Mollie well to love her like I do. Come on and let's get dressed. We might miss something."

Surprisingly enough, Lilly had breakfast ready on time. She appeared to have pulled herself together, though her breath was a thing of substance and her eyes did not focus very well. Twice, when she bent over Henry Harding to serve him, Bea waited for an explosion.

Henry Harding kept his eyes fixed on his plate, avoided any direct look at Mrs. Warren. It was Lilly who glowered at him. When the man finished quickly and hurried out, Lilly laughed.

Mumbling to herself, she staggered through the swinging door to the kitchen.

BENEATH the main house, passageways cut in stone led back into the spacious subterranean storerooms. Narrow-gauge tracks were laid in the floor and small hand trucks clicked smoothly along them.

At the entrance was the upper terminus of the funicular railway to the dock in the cove below. One

gondola-like car, five feet long and three wide, rested at the tilted platform step. The heavy steel cable attached to its upper end went up and around a huge drum several times before returning down the steep hill to the car at the lower or cove end.

At 10:30, Henry Harding came looking for Bea.

"There're some things I want to send down," he told her. "You can ride down with them."

He pushed a hand truck back into the tunnel, returned shortly with several cases of whiskey. "I've a place to look these up down below."

Bea got in hesitantly and sat down.

"Don't worry now," Harding said. "It's perfectly safe. This lever on the side opens the front end of the gondola. We used it to empty rocks in the wharf fill. It spills out the load. And you of course."

"What a salesman you'd make for a scenic trip," she muttered. "Suppose the cable breaks?"

"It won't. It never has."

"All right. But just remember I'm not a load of rocks."

The first few feet sloped gently. Bea stifled a yip when it began to gain momentum.

She could see the lower car coming abreast. Lilly Warren sat in it, her head nodding slowly with the motion of the car.

Then Bea saw the red stain down from Lilly's temple. They were abreast when she could see the other side of Lilly's head where the mushrooming bullet had smashed out.

Too late she caught the glint of steel in Lilly's lap. She had only time to recognize her own automatic before the gondola was past.

She twisted around, watched the car and its occupant move up toward the terminal, watched the careless nodding of Lilly's shattered head. She had to finish her trip down.

When the car finally stopped at the very edge of the dock, she sat motionless staring down at the water and at the beach beyond. She saw a wave, bolder than the others, lick up and destroy the huge bare footprint in the sand.

Virginia Jay-Cees To Hold Charter Night Banquet

The Virginia Junior Chamber of Commerce will hold a charter night banquet Tuesday at 7:30 p. m. at the American Legion home in Virginia.

The principal speaker of the evening will be Bernard Buford of Peoria, president of the Illinois Junior Chamber of Commerce, who will also make presentation of the charter.

Arrangements for the event were in charge of James Frisch, president of the Virginia Jay-Cees, assisted by the officers, John Schaefer, vice president, Dwight Clark, secretary, Robert Rist, treasurer, and Richard Jumper, who has had charge of the tickets and reservations.

A large delegation will attend representing the local Junior Chamber of Commerce, under whose direction the Virginia group was formed. The Jay-Cees planning to attend are to meet at the Williamson Funeral Home Tuesday at 7 p. m. instead of the previously announced time.

Funeral Monday For Eugene Hart, Former Teacher

Funeral services for Eugene E. Hart, 65, a former well known Franklin citizen and Morgan county school teacher, were held Monday afternoon at the Virden Christian church, with burial in Virden cemetery.

Mr. Hart, a brother of Miss Barbara S. Hart of this city, died Saturday afternoon at his residence in Virden after a year's illness. He was a retired hardware and furniture merchant.

Mr. Hart was born Feb. 2, 1884, at Franklin, a son of Mr. and Mrs. James Melchi Hart. He was a teacher in the Morgan county schools before moving to Virden in 1912, where he operated a store until 1945 when he retired because of failing health.

He was a member of the Christian church, Virden board of education, and active in fraternal and civic affairs.

Surviving are his wife, Mrs. Mabel Odor Hart; two sons, Harry P. and Merdel E., both of Springfield; one daughter, Miss Mary Belle Hart, Waukegan, Ill.; one sister, Miss Barbara S. Hart, a teacher in the Jacksonville schools, and other relatives.

Cleveland Defeats Pittsburgh 4 To 3 In Exhibition Tilt

Pittsburgh, May 16.—(P)—Outfielder Allie Clark drove in all of Cleveland's runs tonight as the world champion edged the Pittsburgh Pirates 4-3 in an exhibition game witnessed by 32,038 fans.

The Cleveland outfielder belted a two-run triple in the second, came through with a sixth-inning homer with none aboard and then batted in the winning run home with a single in the eighth.

Pittsburgh got only five hits off two Indian hurlers while Cleveland was collecting nine off three Buc flingers. Mike Garcia, who came in to the game with the bases loaded, the score tied 3-3 and two out in the sixth was credited with the win. Frank Papias started for the Indians.

Kirby Higbe started for the Bucs but Ernie Bonham, who pitched the seventh and eighth innings, was charged with the defeat. He gave up three hits in the seventh, one of them Clark's game-winning single. Cleveland . . . 020 010 103—4 9 1 Pittsburgh . . . 110 001 000—3 5 0 Papias, Garcia (6), and Hegan, Tresh (5); Higbe, Bonham (7) and Fitzerald.

WP—Garcia; LP—Bonham. HRS: Cle—Clark.

The red-hot batting streaks of Rookie Infielder Eddie Kazak and Al (Red) Schoendienst were the high points of the St. Louis Cardinals' early season play as the team returned home to open a 15-game home stand on May 17.

Kazak, who first filled in at third base for Whitey Kurowski and later for Schoendienst when the red-head was injured, was the top batter in the major leagues for the first three weeks of the season, batting in the neighborhood of .400. Schoendienst, until stopped by his knee injury (suffered in a slide into home plate in a game at Philadelphia) was hitting approximately .350.

Their batting, along with flawless infield play by Shortstop Marty Marion, kept the Cardinals in contention in the hottest National League race in years. On several occasions only four games separated the entire eight clubs.

After series against Philadelphia (May 17 and 18) and against the Brooklyn Dodgers (May 19 and 20) at night and an afternoon game on Saturday, May 21, the Cardinals were to engage the red-hot New York Giants in a Sunday double-header on May 22. The twin-bill is the only such Sunday attraction on the regular schedule for the Red Birds.

A Memorial Day holiday double-header, however, is carded for the present home stand, with the Cincinnati Reds furnishing the opposition.

The league champion Boston Braves will call at Sportsman's park for a night game Tuesday, May 24, and a day game May 25. The Pittsburgh Pirates will appear against the Cardinals in night games on May 26 and 27 and a Sunday afternoon contest, May 29.

The Memorial Day week-end, incidentally, makes up one of the big attractions of the home stand. Saturday night contest, May 28, and the Sunday, May 29, games against Pittsburgh are followed by the May 30 doubleheader with the Reds.

White Hall Fans Plan Formation Of Softball Loop

White Hall—A group of White Hall softball enthusiasts assembled at the First Christian Church Thursday evening to further plans for a softball league here.

Representatives for the Methodist, Presbyterian, Baptist and Christian churches, were present, along with several White Hall business men.

The group announced that all organizations interested in sponsoring a team must have the names of a team captain and fifteen players registered in the office of the White Hall Register-Republican not later than noon, May 26.

An executive board will be formed to handle all questions arising in the league.

Two Quincy Nines Win In Meredosia Sub-District Meet

Both Quincy teams entered in the Meredosia sub-district baseball tournament won games yesterday afternoon.

Notre Dame of Quincy ousted the host school, Meredosia, from the meet by handing them an 8-2 setback in the first game of the afternoon.

Four unearned runs in the first two innings put the winners off to a good start. They added two more in the fourth and a pair in the sixth. The Indians' brace of scores came in the fourth.

Blair did the twirling for the Meredosia club and Timpe pitched for Notre Dame.

In the second contest Quincy high school defeated the Griggsville high school nine 3 to 1.

The contest was very tight until the sixth canto when Quincy scored the clinching runs. The Quincy club scored in the initial inning but Griggsville knotted the count in the fourth. After two men were dead in the sixth, Quincy scored its winning runs.

Collins did the hurling for Griggsville. Perry pitched for Quincy.

May Wheat Gains But Rest Of The Market Sluggish

Chicago, May 16.—(P)—The May wheat contract advanced on the Board of Trade today, but the rest of the market was not able to show much strength. Dealings, active in the first hour, fell off later in the day. Corn and oats held a little lower, but wheat broke through the 2.24-2.25 level, which had stopped its advance for four straight days last week. It shot through to \$2.27 in a matter of minutes shortly after the start. For the rest of the day it held above \$2.25.

Cash dealers reported an improved movement of grain from the country. Bookings shortly before the close totaled 90,000 bushels of corn, 30,000 bushels of oats and 50,000 bushels of soybeans.

Receipts were: wheat 271 cars, corn 130, oats 32, rye none, barley 70, soybeans 32.

Wheat closed 1/2 lower to 1 1/2 higher, May \$2.257-2.26, corn was 1-2 lower, May \$1.331-1.34, oats were unchanged to 1/2 lower, May 67-1, rye was 2 1/2 to 3 cents lower, May \$1.38, soybeans were 1/2 lower to 1 1/2 higher, May \$2.39-2.391, and lard was 1/2 to 12 cents a hundred pounds lower, May \$12.00.

IMPLEMENT DEALERS DEFEAT ARENZVILLE

The Jacksonville Implement Dealers softball nine defeated the Arenzville squad in a game played here under the lights Sunday night. The score was 11-1.

Dale Heaton, the visiting pitcher, allowed only three hits. The locals got their lone tally via two hits, a fielder's choice and a free pass in the second frame.

The victors got 12 hits off Teen and Beard.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 16.—(P)—All livestock except heavier weight steers registered steady or 25 cents higher prices today. Steers scaling above 1,050 pounds showed steady to 25 cents lower.

In the hog alley butcher weights merited \$17.25 to \$19.25, the latter the best level reached since April 18. Sows were \$14.00 to \$16.75. Supplies were cleared out early.

Choice steers topped at \$27.75, other choice loads heading downward to \$23.75. Medium to low choice kinds took \$22.50 to \$23.50. Choice heifers topped at \$26.75 and good grades ran from \$24.25 to \$25.50. Good heifers came reached \$21.50, sausage bulls \$22.25, and choice vealers \$27.00.

Shorn Colorado-fed lambs in load lots made \$27.75 and choice native springers up to \$32.00. Shorn ewes topped at \$13.50.

Among receipts on sale were 7,500 hogs, 13,000 cattle, 500 calves and 1,000 sheep.

Markets At A Glance

Crimsons Clear First Hurdle In District Meet, Beat Chapin 8-4

Bob Kraushaar's Jacksonville high school nine cleared the first hurdle in its quest for the state baseball championship by downing the Chapin prep baseballers 8 to 4 in the initial game of the Chapin district tournament.

The Winchester club skinned past Arenzville in the second game of a twin bill by a 4-2 count.

Spike Wilson's ISD nine drew a bye in the tourney and is slated to tangle with the Crimsons on the Chapin diamond this afternoon at 3 o'clock.

With Bunch and Fanning leading the way at the plate, Kraushaar's locals scored a trio of counters in the first inning, added single runs in the second and third chapters, and then pushed three more big markers across the platter in the final canto.

Wright, freshman hurler, went the route for the locals, allowing a total of six Chapin hits. Staake, on the mound for Paul Blakeman's host club allowed only 7 safeties, but his mates let him down with several misplays at critical periods.

O'Donnell was the winning pitcher.

Moose Nine Spoils Kilbourne's Home Opening, Win 12-7

The Jacksonville Moose nine spoiled Kilbourne's home opening in the Illinois Valley baseball conference when they tamped the host club 12 to 7 three Sunday afternoon.

The win was the second for Manager Heinie Sommer's club who have not realized a single defeat in league play. They are after their first Ivy League pennant in this, their first year of league competition.

Lefty Allen, going the entire nine-inning route for the Jacksonville club, allowed only three men to reach first base on walks while striking out 5. The Kilbourne twirler walked 9, but struck out 10 of the local hitters.

Harold Stengal Wins Golf Tourney

Harold Stengal, local teaser, shot a 63 to top all other contestants in the first weekend Bankers Handicap golf tournament at Nichols park Sunday afternoon. Roger Jacques was right behind him with a 64.

Three men tied for third place with a low net score of 68. They were John Miller, Bob Neff and Bob Kirkham.

Homer Mitchell copped the low gross chapter of the meet with a 68.

Softball Tonight

Tuesday nights have again been reserved for the Civic league teams. However only two Civic teams, the Lions and Exchange club, have announced their intentions to play tonight.

Therefore the rained-out contests of Thursday, May 12, will be played off this evening.

Jay-Cee Girls Win Second Game Of Season 8 To 0

Sunday, May 15, Springfield's Fitzpatrick Stadium—Bert Lauder, pitcher for the second consecutive evening, tonight chucked a superb three hit ball game against a strong Yankee Girl aggregation of Peoria, to shut them out 8 to 0.

The Jay-Cee twirler was given excellent support by the local gal fielders. "Pug" McDaniel contrived great defensive play when she made several running catches in the outer pasture.

The big run in the local femmes hitting attack was "Fid" Phillips, the catcher. She clouted three singles in four trips to the plate.

The next game on the Jay-Cee team's slate is for Saturday, May 21, at the local southside park. They entertain the El-Bee Foods team, city champs of Granite City. They dumped the Jacksonville girls twice last year—so there'll be action aplenty next Saturday night.

Williams-Bolanos Fight Postponed For Ike's Injury

Los Angeles, May 16.—(P)—The world championship fight between lightweight Titleholder Ike Williams and Enrique Bolanos has been postponed indefinitely because of an injury to Williams' shoulder, Clayton Frye, chief inspector for the state athletic commission, said today.

Frye was present at a medical examination conducted by Dr. Francisco Bravo, who commented: "The shoulder has been causing enough trouble to warrant a layoff of six weeks to two months." The fight was scheduled for May 26.

He described the ailment as bursitis of the right shoulder joint. The same shoulder was hurt a few weeks before the champion dropped a non-title decision to Kid Gavilan in New York two months ago. Frank Palermo, Williams' co-manager, said the shoulder has been giving the champ trouble ever since.

New York Stock Market

New York, May 16.—(P)—Electric Power & Light flared into activity at a sharply higher price today in the stock market after the supreme court of the United States refused to stay execution of a reorganization plan.

The common was up around a point and preferred issues climbed 4 points higher. The market as a whole was slightly higher with trading at the rate of 900,000 shares for the entire day.

Rails and metals were steady and without feature while steels dipped slightly, and chemicals and oils were mixed.

Other stocks on the upside were General Motors, Studebaker, Firestone, U. S. Rubber, J. I. Case, Westinghouse Du. Pont, Standard Oil (NJ), and Twentieth Century-Fox.

Lower were Santa Fe, Warner Bros. American Telephone & Telegraph, Dow Chemical, Owens Illinois and Montgomery Ward.

The bond market was firm with some demand for a selected group of railroad loans.

FORMER EASTERN STAR GRAND MATRON DIES

Chicago, May 16.—(P)—Mrs. Helen M. (Bracefield) Anderson, former worthy grand matron of the Illinois Grand Chapter, Order of Eastern Star, died Friday at Miami, Fla., friends here announced today.

Mrs. Anderson formerly taught school in Chicago and Griggsville, Ill. She was worthy grand matron of the lodge in 1922-23, and was widely known in the organization.

A daughter, Mrs. Leon David Nelson, Miami, survives. The funeral will be held at Miami, with burial at Griggsville at a later date.

Moose Nine Wins 10-0 Contest From K. Of C.

Russ Young spun a 3-hit ball to show up for the "B" league game to give his Moose nine a 10-1 victory over the K. of C. club at Jacksonville's southside park last night.

The game was called at the cessation of hostilities in the sixth frame after the Moose hitters had broken loose to score 7 big runs. They won the contest by virtue of the 10-run rule that states if any team is ahead by 10 runs after the fifth inning, they are the victors.

Jake McGrath, pitching his first game for the K. of C. club since his discharge from the Marine corps last week, twirled a credible game, allowing only 7 Moose hits. He was backed by loose play afield which allowed many of those fatal 7 runs to score in the sixth chapter.

It was a tight ball game up to that sixth inning Moose outburst. Previously they had squeezed the single run across the plate in the third inning and added a brace of scores in the fifth.

The American Legion nine failed.

Cass Michaels Of White Sox Having Hot Hitting Streak

Chicago, May 16.—(P)—The junior member of the Chicago White Sox figurative "father-and-son" second-base combination is having the hottest batting streak of his seven-season Sox career.

That would be Casimer Eugene Kwentienowski, better known as Cass Michaels, whose .344 is seventh in the American League hit parade and a surprising output for a customary 250 swinger.

Michaels says he owes it all to the patriarchal advice and peerless support of Shortstop Luke (Old Folks) Appling, who admits—tongue in cheek—that he is "slightly" over 40.

"We room together on the road," explained Michaels, the 23-year-old second sacker, "and what I don't learn from him on the field, he gives me pointers on in chinning sessions."

"He's taught me all I know about fielding, hitting and major league stuff generally."

There are a few other factors, though, which might explain Michaels' spritely plate activity. Until this season, when Manager Jack O'Connell told him he was strictly a second baseman, Cass took flings at third, short and second.

Senators Win 3-2 Disputed Decision Over Red Sox

Washington, May 15.—(P)—Pinch-runner Lou Surriner's blunder and Washington's quick capitalization on it presented the Senators a 3-2 decision over the Boston Red Sox here today.

The game ended with Manager Joe McCarthy and a swarm of Red Sox protesting bitterly to plate Umpire Joe Paparella that Tom O'Brien had scored the tying run before the final out was made.

With one out in the ninth O'Brien beat out an infield hit. Bill Hitchcock fled out, but Birdie Tebbetts' single shifted O'Brien to second. Stringer ran for Tebbetts and Sam Mele batted for Pitcher Jack Kramer. Mele slipped to right, but Outfielder Buddy Lewis quickly retrieved the ball and fired it to Shortstop Sam Dente at second base.

Dente tagged Stringer, who had overrun second base, and Paparella ruled that the final out was accomplished before O'Brien reached the plate.

Mickey Haefner notched his third victory with an 8-hitter, while Kramer was dealt his third loss in a winless season.

Cleveland's 5-Year Pitching Plan Is Having Trouble

New York, May 16.—(P)—What happened to Cleveland's five-year pitching plan?

The "best in baseball" staff that owner Bill Veack rounded up for a five-year run atop the American League is having its troubles.

Tribal pitchers turned in only seven complete games in the world champs' first 20 starts. No team in the league has a worse record.

Of the 13 shutouts in the league only one has been thrown by an Indian—Bob Lemon against the St. Louis Browns. New Lemon is sidelined with a torn ligament in his right arm.

Bobby Feller, the high-salaried ace, failed to last past the second inning in two of his three starts. Sherve Cronk, won only the opener in four attempts.

Early Wynn, acquired with Mickey Vernon from Washington last December, has been flattened twice. With the exception of the ailing Bob Lemon, only Gene Bearden has been effective consistently.

Bearden, a 20-game winner as a rookie last season, came up with a pulled leg muscle last time out against Washington but he is due to go against the New York Yankees tomorrow night.

Council Gives First Reading To Ordinance For Big Loop Project

First reading of the Loop District Local Improvement Ordinance, providing for construction of new concrete pavements, storm sewer, curbs and sidewalks on loop streets, at an estimated cost of \$298,157, was accomplished at the city council meeting last night. The laying of boulevard light conduits also is included in the big project which is expected to get under way this summer.

Consideration of the loop improvement ordinance followed by one week a public hearing at which the board of local improvement decided to proceed with the project.

A motion to read the ordinance was made by Alderman Kelly, seconded by Alderman Reid, after which the council voted to hear it, and City Attorney Fay launched into the job of reading the long document. The ordinance was accompanied by a letter from the board of local improvement recommending its passage.

Specifications for the pavement, storm sewer and other improvements are contained in the ordinance, along with provisions for petitioning the county court to spread assessments against property. The loop improvement will be financed jointly by motor fuel tax funds and special assessments.

Publication Authorized

Later in the meeting the clerk was authorized to publish the ordinance, on motion of Alderman Reid, seconded by Alderman Brune.

Ordinances for the lease of tracts of marginal land on Lake Jacksonville to the Abraham Lincoln Council of Boy Scouts and the Jacksonville Girl Scout Council were read for the first time.

Under terms of the leases the organizations would hold the property for a term of 10 years at an annual rental fee of \$1. Both organizations now have camp buildings on city property. The leases retain the right of the public to have access to the shore line for the purpose of fishing. The youth organizations would have the privilege of swimming in front of their property under terms of the leases.

The mention of swimming in Lake Jacksonville touched off a general discussion among councilmen as to whether this form of recreation should be permitted. Aldermen pointed out that swimming privileges are already extended to the 4-H club camp association under its lease.

Opposes Swimming

Alderman Chumley flatly condemned the practice of swimming in the lake, from which the city draws its water supply. He said he didn't see how swimming could be prohibited in some sections of the lake and permitted in other sections.

Both ordinances for leasing property to the Scout organizations were laid over under the rules.

Operation of motor bicycles and scooters without mufflers was soundly condemned by several councilmen, after the subject was called to attention by Alderman Woods. Instances of riding motor bikes on sidewalks also was mentioned in support of more drastic regulations. The discussion ended with Alderman Woods moving, seconded by Alderman Brune, that the police department be instructed to enforce the law regarding mufflers, and riding on sidewalks.

Mayor Hoagland brought up the problem of regulating sound trucks and loud speakers in the business district, against which he said there have been numerous complaints. The councilmen talked over this subject, agreeing that some kind of regulation is needed. The mayor suggested that the council obtain information from ordinances which are in effect in a number of other cities, dealing

Final Rites Held For John W. Hart

Funeral services for John W. Hart were held Monday afternoon at the Gillham Funeral Home with the Rev. Clair E. Malcomson officiating.

Music was furnished by Mrs. Lois Hardin, soloist, accompanied at the organ by Mrs. Ralph Hutchison.

The floral tributes were cared for by Mrs. Ralph Cogswell, Mrs. Otis Aze, Mrs. Clarence Taylor, Mrs. John Carl, Mrs. Alfred Eades, Mrs. Effie Allen and Mrs. Glenn Skinner. Serving as honorary pallbearers were George Vasconcellos, Frank Eades, John Humphries and Ellis Brainer.

The active pallbearers were Tracy Cogswell, Frank Hart, Russell O'Donnell, Tom Eades, Ralph Cogswell, Alfred Eades, Clem Cress and Otis Aze.

Interment was in Franklin cemetery.

VISITORS AT RICE FARM

Mr. and Mrs. William Kirkwood of Springfield, Mr. and Mrs. Leland Wierries and three children of Chapin, Mr. and Mrs. Gilbert Hegener and daughters of Beardstown and the Rev. Russel Coulter and children of Meredosia spent the day at the Rice home six miles east of Meredosia Sunday.

While there Mr. Hegener killed a fox. There are many foxes in McKendree Chapel area despite the many killed there in the last few months.

Rifle Club Seeks Lease

The first item of business at the regular Monday night meeting was the reading of a petition by City Clerk Phillips, in which the Jacksonville Rifle club asked the right to lease a strip of land near the North side sewage treatment plant, to be used as a shooting range. The letter was signed by Dr. Friedrich Engelbach, president of the club.

The tract sought by the rifle club is about 150 yards long and 20 yards wide, and has previously been used as a range. The club plans to make some improvements, such as grading and planting of grass. N. N. Noudett addressed the council in regard to the project, after which the mayor referred the petition to the public improvement committee.

Alderman Woods said the floor of the fire department is in need of repairs before the arrival of the new aerial ladder truck. Alderman Reid of the fire committee suggested that the work be deferred until after the engine arrives, to determine how much alteration of the floor and doors is required.

Alderman Reid reported that a Wabash railroad work crew is engaged in plugging the old well near North Church street and the railroad right-of-way.

Hear Budget Report

A budget report for the first four months of 1949 was submitted by Alderman Haneline. Showing the various departments to be \$16,026.02 within the budget, although several are over. Departments in the red for the first four months include the city hall fund, building repair, police department and election fund.

City Attorney Fay reported details of a communication received from the Illinois Municipal League regarding city aid bills now pending in the legislature. He said House Bills 946 and 947 and Senate Bills 562 and 563 provide for direct payment to municipalities for funds to be used for police, fire and public health functions. It is believed these bills, if passed, would provide \$3.40 per person annually in each municipality, based on the 1940 census.

"Anything they do would be a big help," Mayor Hoagland commented. He said most city officials in Illinois feel that the state should assist cities in this time of high operating costs, due to regulations and provisions the state has placed upon cities.

A resolution transferring \$6,000 from the parking meter fund to the general fund passed on motion of Alderman Flynn, seconded by Alderman Woods.

Another resolution, passed on motion of Alderman Haneline, seconded by Alderman Kelly, provided for the opening of a safety deposit box at the Elliott State bank by the city treasurer and auditors.

Expect New Truck Soon

Alderman Reid reported that the new 100 foot aerial ladder truck is enroute by rail from the American LaFrance factory in Elmira, N. Y., and may arrive in Springfield today. He was authorized by the mayor to go to Springfield and accept the shipment on behalf of the city.

The presence of garbage and a litter of papers on the lot where a street oiling operation will begin today if the weather permits, and that a number of holes in pavements have been patched with asphalt.

A resolution accepting \$83.87 as settlement by the Elm City Bus Lines for damage to a light pole on the north side of the square was adopted by the council on motion of Alderman Brune, seconded by Alderman Baker.

A similar resolution accepting \$28 from the Elm City Bus Lines for damage to a fire hydrant at Church street and Douglas avenue passed on motion of Alderman Reid, seconded by Alderman Brune.

Zone Change Advanced

An ordinance calling for amendment of a lot at the northeast corner of North Prairie street and West Lafayette avenue from Class B to Class C height and area district received first reading after motions by Alderman Haneline and Kelly. The change in zone classification was requested by E. Wayne Turley, who expects to erect a warehouse and office on the lot for the purpose of carrying on a wholesale magazine and news agency.

A resolution designating North Clay and East Douglas avenue as a fourth way stop, and providing for erection of signs, went into the books on motion of Alderman Baker, seconded by Alderman Flynn.

Alderman Kelly introduced an ordinance for the lease of property on the west side of South Main street adjacent to the brook, to the Walker Motor Company, Inc., for the purpose of a used car lot. Terms of the lease are one year at an annual rental of \$150. The property formerly was occupied by the Sport Cafe. The ordinance was laid over under the rules for final consideration at the next meeting.

Two Youths Indicted By Greene Grand Jury

Carrollton—A Greene county grand jury Monday returned true bills in the case of Carson Segar of Alton and Curtis S. Chapman of White Hall, youthful defendants charged with the first degree murder of Howard A. Heininger of Jerseyville.

Segar, 19, and Chapman, 18, have been prisoners in the Greene county jail since April 27, when they allegedly confessed killing Heininger in a robbery attempt. They were arrested in Alton just one week after the body of the 32 year old insurance man was found in a field about ten miles northeast of Jerseyville.

Judge Clem Smith appointed Attorney William J. Vogt to Carrollton to defend the two youths. They will be arraigned at 10 a. m. Friday.

Heininger, known for his willingness to give hitch-hikers a lift, was found shot to death by four 22 caliber bullets, apparently fired when he attempted to run from his assailants. He was on his way home to Jerseyville from Carrollton at the time of the murder. Heininger, associated with the Metropolitan Life Insurance company, was the father of three children.

Local Delegates Leave To Attend State Convention

Mrs. Fletcher J. Blackburn, retiring president of the Jacksonville Women's club, and Mrs. H. C. Hart, incoming president, together with Mrs. Harold Wright and Mrs. H. H. Potter, left for Chicago Monday where they will attend the state convention of the Illinois Federation of Women's clubs.

The convention will take place at the Sherman hotel and will feature an outstanding program of national and international talent.

Mrs. Blackburn has also been chosen as a delegate to represent the 20th district on the basis of her outstanding work in the local club and has had an invitation to serve on the state board. She was recently appointed education chairman of the 20th District Federation of Women's clubs.

The convention will close Thursday evening with a banquet in the grand ball room of the Sherman hotel.

Sheriff Captures Boys But Mothers Don't Want Them

Chicago, May 16—(AP)—The sheriff in Marshall, Ill., has caught two teen age boys who ran away from home in Chicago, and he's stuck with them.

Their mothers say they don't want them back—at least not right away. The boys are John (Jackie) Calvert, 14, of 3639 McLean avenue, and Dennis Trivier, 16, of 1528 South Springfield avenue.

Police said Mrs. Edna Calvert told them her son appeared to be headed for Louisville, Ky., to meet a young lady he met there on a previous escapade. This time, she said, he can stay where he is until she gets money for his return and decides whether she should help him come back.

Mrs. Francis Trivier said she is going to let her son "cool off a while" before she does anything to bring him back.

Mrs. Flora Daly In Critical Condition After Truck Wreck

Mrs. Flora Daly of Jacksonville Rural Route Six was reported as showing slight improvement late Monday night, but she remained in a critical condition at Our Saviour's hospital, where she was taken Sunday afternoon after the truck driven by her husband, David, overturned on a gravel road about one mile east of Bluffs.

Mr. Daly sustained cuts and bruises, and is also under treatment at Our Saviour's. His condition is not regarded as serious.

Several minutes passed before help arrived and Mrs. Daly was removed from under the truck. Besides head injuries she sustained a badly crushed knee cap.

Several residents of Bluffs, including State Patrolman Charles Batley, hastened to the scene of the accident and rendered assistance. Mr. and Mrs. Daly, both of whom are about 54 years old, first were taken to the office of Dr. O. H. Berry in Bluffs for emergency treatment. After a short time they were removed to the hospital in the Bates ambulance.

They were attended at the hospital by Dr. A. G. Wolfe and Dr. Harold Norris.

Mrs. Daly suffered greatly from the loss of blood as a result of the leg wound.

The truck is believed to have skidded, causing the driver to lose control, after which the truck went into the ditch on the north side of the Bluffs-Neelyville gravel highway.
